COMMUNICATION

An assertion of foreign priority and an assertion of small entity status (copy enclosed) was filed in this case on May 9, 2001. It stated the correct Docket number and first inventor. It did not state a serial number (none was then available). We have just noticed that the title set forth in the heading is incorrect (it corresponds to that of the "parent" provisional, 60/201,264). We are filing this communication to ensure that the Assertion is matched to this case.
